GABY

www.gabyfishpillows.com

A few words about us

Join us in celebrating GABY's second decade of making the world's best quality fish pillows!

More than 10 years after the first GABY pillows came out, our products continue to amaze and delight countless fisherman and fish lovers in more than 30 countries on 3 continents.

From different sizes of your favorites species of freshwater and saltwater fish to custom one-of-a-kind personalized products for special events and occasions, GABY pillows are the perfect fun gift or that special decorative piece.

With an adamant emphasis on producing the highest quality products for our clients, all GABY pillows continue to be hand-sewn in Poland by our dedicated team with great attention to detail. As keeping our Planet green and healthy and environmental conservation are of utmost importance to our whole team, all GABY products are made from 80% Eco-friendly recycled anti-allergenic materials and are 100% recyclable in the future.

With more than 110 different products to choose from, you are sure to find your ideal GABY pillow.

Coming in 2023

For over 10 years now, we at GABY have been designing, hand- sewing and producing what we are absolutely sure are the world's most beautiful, finest quality, fully recyclable and Eco-friendly "fishy" pillows!

To complement our already incredibly diverse shoal of GABY Fish Pillows, to celebrate the start of our second decade, for 2023 we are excited to offer you the following fabulous fish:

GABY

Monster-Sized

Our Monster-sized pillows are wonderful accents to any „fishy” decoration or collection. Whether it’s a single Monster or a whole school, these enormous pillows can be the centerpiece of an educational exhibit, company event, child’s bedroom, or simply decor for any fish lover’s home. Coming in a whole variety of species from sharks to trout, they are sure to be a hit and can also be personalized with embroidering for that special occasion.

Customize your GABY fish!

Do you have a special event coming up or a special gift in mind?

We can customize all our GABY products with company logos or messages for any event, company retreat, corporate gift, or Holiday gift. Our team of artists can create any customs projects ranging from our Mini Fish to our Monster Fish (2-4m). We can also create entirely new products (any sewn products, essentially) or create different versions of our existing line.

GABY is also a very proud supporter of children's educational and environmental conservation projects across Europe and we would love to help out with your next event with our educational offers.

Please get in touch with our friendly team as we would love to hear your ideas and offer something truly unique for your special event.
